

From the Pastor: Grace on Fire

Big Event: Grace on Fire with RMP Production's Alex Purtell

**And Prophecy & Blessedly Broken Production's Pat Pierce.
The first time I went into our sanctuary after I came on board**

**A year ago I could see in the Spirit youth and young adults
Packing it out with a music event that has come to be known
As Grace on Fire.**

We are "walking on the water" here believing God to start

**Something that will emerge into a community-wide thing that
Will change the lives and hearts of a generation of youth and
Young adults.**

Pray and believe for great things to come.
